in association with

Centre for Nano Science & Engineering (CeNSE), Indian Institute of Science Bangalore

RESEARCHERS FORUM ON MICRO AND SMART SYSTEMS

27-28 March 2018

The Institute of Smart Structures and Systems (ISSS), is happy to announce the first Researchers' Forum for Post Graduate Students and Researchers on Micro and Smart Systems. This event will be held in association with the Centre for Nano Science and Engineering (CeNSE) at the Indian Institute of Science on 27-28 March 2018, 27-28

This event is intended to provide an excellent platform for researchers across the country to come together and interact with each other. It is also planned to invite potential recruiters to this event to connect with them for exploiting upcoming opportunities.

Format of the Event

The event will have inspiring talks by leaders of select Startups on innovation landscape in this area, Prominent Academicians on opportunities in Academic Institutions, Industry leaders on opportunities available in Industries and Research Laboratories.

A highlight of this event will be a poster presentation by participating researchers in five streams, namely Physics of Devices, Modeling and Simulation, Smart Materials, Fabrication Technologies and Systems & Applications. The best poster in each of these streams will be rewarded.

Eligibility

JRF/ SRF / Full time research scholars / Postgraduate students of recognized institutions/universities anywhere in India are eligible to apply.

National MEMS Design Centres and other institutes with research groups in the above areas are encouraged to send participants. Only a limited number of participants will be accepted, on a first-come first-served basis.

There is NO registration fee to attend this event. However, all candidates **must fill the request form** and upload a synopsis with details of their research work (with graphs and figures) to demonstrate their original research contributions. In addition, they may also include links to any previously published papers.

Visit our [website](#) for details and event updates.

How to Apply

There is NO registration fee to attend this event. However, prior registration is mandatory. Follow this link and fill the online [APPLICATION FORM](#). Subject to availability, applicants will receive a provisional acceptance. In order to provide a fair opportunity the maximum number of interested participants, the registration **will be confirmed only for the first 50 outstation participants AFTER uploading the soft copies of travel documents (ticket) and poster** in the prescribed format within the deadline mentioned in the provisional acceptance mail.

Travel Support

Participants must make their own arrangements to travel to Bangalore to attend this event. *Up to 3 Tier AC train fare by the shortest route may be reimbursed to outstation participants* on production of actual travel bills, boarding pass etc. Incidental expenses of up to Rs 500 may be provided on production of bills. If requested, a shared accommodation may be arranged by the organizers for up to three nights only at a Guest House close to the Indian Institute of Science.

Venue: Seminar Hall, CeNSE, IISc, Bangalore
